

STEP by STEP Guide to Navigate Through the VLC Upgrades

Over the break, the VLCs have been redesigned to provide improved user experiences and to introduce important efficiencies for our BUI teams.

Below are images to help you navigate through the VLC to join the Zoom class as well as access the BUI lessons and activities. The Kindergarten class is being used as an example, however, all the steps are the same to access any class.

STEP 1:

Login to the Virtual Learning Centre with the same username and password as you were using in Term 1. (Hint: Bookmark this page and click on save password)

STEP 2:

Once you login you will enter the Dashboard. From here you will access your child's BUI Course. There are two ways in which you can access the correct course.
